SUMMARY

I am a beginner web developer. I like to practice and improve my skills, as well as acquire deeper knowledge in the field of programming. I study new modern technologies and tools that help in my work. I like the process of solving problems and creating functional applications / interfaces. Interested in both Frontend and Backend.

SKILLS

HTML
CSS
JavaScript
React
Redux
NodeJS
SQL
TypeScript

EXPERIENCE

January 2013 - May 2021
Network Engineer Comcor | Moscow

- Maximized network availability and performance by monitoring, troubleshooting, resolving outages and scheduling upgrades.
- Implemented, tested, validated, and maintained networking services according to solution designs.
- Configured routers, switches, firewalls and other hardware to deploy and manage LAN, WAN and wireless networks.

EDUCATION AND TRAINING

July 2012
Specialist | Information Systems And Technologies
MIREA, Moscow
The Modern JavaScript Bootcamp

- Developed real-world web applications
- Gained a deep understanding of how JavaScript works behind the scenes
